We bring a high level of obedience training to the companion dog owner

Our programs are designed to meet your individual needs and expectations.

We believe your dog can learn to be obedient and reliable around real world distractions. You deserve nothing less than a happy, obedient and reliable companion who can share in all of your everyday activities.

Even after completion of either course, **K9 Miracles** will provide lifetime follow-up should you encounter any problems.

"The remote collar is a quick and stress-free method of getting a dog to quickly learn what is expected of him. In my opinion, this is what all dogs ultimately need, and once accomplished, they tend to be much more relaxed and content."

Kathryn Allen
Doctor of Veterinary Medicine

"Dogs are easily trained when you have their attention - the art of getting their attention is what this method teaches."

Dave S.

"We are pleased and amazed by the fast results and excellent, easy to use, humane methods you provide."

Leslie C. and Jan Z.

"[Our Dog] has shown more visible progress in the last 96 hours than in the previous two years."

Amy M.

"The wireless leash is the way to go! I have just started working with my thick-headed English bull terrier. He gets it now! Every time!"

Jim W.

Would you like your dog to have the freedom to run without a leash in the full knowledge and confidence he will return immediately on command?

We can instill these behaviors in your dog!

Welcome to K9 Miracles

Command = Performance Dog Obedience

The most *humane* and *non-confrontational* way to train your dog.

This *remarkable* program accomplishes in weeks what the traditional leash and collar method takes months and even years to do.

"I can take him to a park, on a trail, to the beach, all off leash!! His attention to me has improved 110 percent. He now actually follows through on commands the first time!! What a miracle!!"
